In the Research Article by Maryam Eskandari Nasab, Nasrin Takzaree, Partow Mirzaee Saffari & Alireza Partoazar, “*In vitro* antioxidant activity and *in vivo* wound-healing effect of lecithin liposomes: a comparative study”, which was published in the June 2019 issue of *Journal of Comparative Effectiveness Research* (8[8], 633–643 [2019]), the author name “Partow Mirzaee Saffari” was published incorrectly as “Partow Mirzaee Saffaria”.

In addition, Miss Saffari’s affiliation was given as:

²Department of Anatomy & Medicinal Plants Research Center, School of Medicine, Tehran University of Medical Sciences, Tehran, Iran

However, the correct affiliation is:

¹Department of Pharmacology, School of Medicine, Tehran University of Medical Sciences, Tehran, Iran

Both these errors have now been corrected.

The editors and authors of *Journal of Comparative Effectiveness Research* would like to sincerely apologize for any inconvenience or confusion this may have caused our readers.
