

Corrigendum

The Review article by V Abitbol *et al.*, 'Navigating adalimumab biosimilars: an expert opinion', which appeared in the November 2023 issue of the *Journal of Comparative Effectiveness Research* 12(11), e230117 (2023), was published with errors in [Table 1](#).

The table included 'Yes' in the 'Citate' row for Imraldi[®]/Hadlima[®]. However, the formulation has been citrate-free since the beginning of 2023.

In addition, in 'Availability of 80 mg formulation' row for Humira[®] (citrate free), the text was included as 'Yes (pen only)'. However, it should have read 'Yes (since 16 Dec 2021)'.

These points have now been corrected.

The authors and editors of the *Journal of Comparative Effectiveness Research* would like to sincerely apologize for any inconvenience or confusion this may have caused our readers.

Table 1. Characteristics of Humira® formulations and adalimumab biosimilars.

	Humira®	Humira® (citrate free)	Amgevita® / Anjevita®	Imraldi® / Hadlima®	Hyrimoz®	Hulio®	Idacio®	Amsparity®	Yuflyma®	Hukyndra®
